

Hello!

Normally this is where I would be sending you a copy of our newsletter, but every year there are a couple of times when Corban has a specific need that we need extra help with – something that we can't cover in our small budget. When that happens I have to take a step back from the work and put the need in your hands.

I hope that the news that I've been sending to you has told you that your assistance is making a difference in the lives of specific children – it's one of the things that is front and center in my mind when I mail the newsletter out to you.

Also, you've seen the recent news, right? At the beginning of the year we're going to open our first home! It's taken several years to get to this point – but you're one of the people who have been the "motor" of this organization. Without your help, the idea of physically and spiritually rescuing-up abandoned Peruvian children would have been hopeless.

So, we have several needs, but these are the two urgent ones that right now take priority over the others:

**1. Funds for work and materials at the Peru site**

Corban needs to purchase construction materials before the work team travels to Peru in August. We received \$358.27 from our request in the last newsletter, which is a great start (thank you!), but they still need **\$4,041.73** within the next four weeks in order for us to bring electric service to the well, buy and install the pump, lay water lines to the village and plant the first trees for shade.

**2. Funds for our organizational costs-**

Because of the way things have been with employment and the economy, we're short on income to meet the budget, and without operating funds the work can't get done. We are in need of **\$1,800** in donations during the next four weeks. If this is something that you wouldn't mind assisting with, it would be a huge relief to all of us. It is an urgent need – but if the time isn't right for you, I want you know that we greatly appreciate how you have helped the work in the past.

Also – you'll see on the coupon sheet that there are some specific non-monetary ways that we need your help with. These are easy ways to give that don't involve funds, but can provide us with funds in the future (like an investment!). You'll see what I mean when you see the coupons – I hope you like the idea.

So, if you can help with either the Peru trip or our budget shortfall that would be really great! But if you aren't able to right now, I still want you to know that I am very thankful for the support you have provided.

Sincerely,

Chris Peterson  
Corban Field Representative
